

# NovaSync Internal FAQ

Frequently asked questions regarding integrations, automation, and AI workflows.

---

## FAQ

**Does NovaSync support Shopify?**

Yes. Native Shopify integration is supported.

**Does the system use LangGraph?**

Yes. LangGraph orchestrates retrieval, planning, execution, and validation workflows.

**Can the AI assistant capture leads?**

Yes. The assistant extracts emails, company names, and intent signals automatically.

**What happens if Gemini fails?**

The system automatically switches to Groq fallback models.
